DETAILED ACTION

Receipt is acknowledged of amendment filed on September 6, 2007. Claims 3-6 are pending. Claim rejections made under 35 U.S.C. § 102 as indicated in the Office action dated June 6, 2007 are withdrawn in view of the claim amendment made by applicants. New rejections are made to address new claim amendment.

Claim Rejections - 35 USC § 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 3-6 are rejected under 35 U.S.C. 102(b) as being anticipated by Yamabe (JP 09315986 A).

Yamabe teaches a lotion comprising 0.5 % of a solvent extract of Mallotous japonicus derived from Mallotus japonicus barks. See Machine translation, Example 1.

The phrases “for inhibiting an activity of elastase”, “for promoting a collagen biosynthesis”, and “for improving skin wrinkles” in instant claims 1-3, respectively, are preambles which recite intended future use of the claimed composition. Thus no patentable weight is given to those phrases. See MPEP § 2111.02.

Response to Arguments

Applicant's arguments filed on September 6, 2007 have been fully considered and are moot in view of the new ground(s) of rejection in part and unpersuasive in part.

Applicants argue that the Yamabe reference only describes the prior art invention as an anti-inflammatory agent and therefore is distinct from the present invention. The argument is unpersuasive because the present invention is directed to a composition

which meets every limitation of the prior art composition. The use or purpose of the present invention is not given patentable weight, as explained in the rejection.

. Conclusion

No claims are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
